Project Location : Dallas
Weather : Sunny
Departure Time : 16:30
ASEC Technician Name : Solomon Cherie

Our AS Engineering & Consulting (ASEC) representative arrived on site to observe field activities. The following tasks were performed:

Observed the placement of fill/grading for the access road today. Compaction tests were performed using a nuclear density gauge. Overall, the results of density testing confirmed that fill compaction met the project and ASTM requirements. Results are attached in separate reports.

Fill placed in the access road was obtained from various site cuts.

Please contact us if you have any questions regarding this report or of the density test results.

Access road with still 4.0' backfill
