ASEC Technician Name : Solomon Cherie

Our AS Engineering & Consulting (ASEC) representative arrived on site to observe field activities. The following tasks were performed:

Upon arrival on site, our representative found the site too wet to perform grading activities. After a discussion, the grading contractor decided to scarify and aerate surficial soils for the rest of the day.

Please contact us if you have any questions regarding this report.

Hauled muddy dirt to be scarified

Muddy dirt with bunches of water
