A representative from AS Engineering and Consulting (ASEC) visited the site to provide quality control inspection and testing services. Visual observation techniques were employed to verify compliance with the project drawings/specifications, applicable codes, and approved material submittals.

Site Observations:

Due to the presence of wet backfill materials, the contractor was unable to proceed with backfilling operations. As a result, no related work was performed on this day.

We appreciate the opportunity to be of service to you on this project. If you have any questions regarding this report, please feel free to contact us. We will be more than happy to discuss it with you
