Project Location : Dallas  
Weather : cloudy  
Departure Time : 06/03/2025 11:00  
ASEC Technician Name : Aminullah Azimi

---

As requested, the site was visited by our AS Engineering and Consulting (ASEC) representative for the purpose of providing quality control inspection and testing services. Visual observation techniques were employed to verify compliance with project drawing/specifications, applicable codes, and materials submittals. The following observations were observed on site this day.

Our representative arrived on-site as scheduled to observe storm trench backfilling. However, due to the county inspector shutting down the project for three days (because of contractor OSHA safety rules violations) the contractor has canceled work for today.

We appreciate the opportunity to be of service to you on this project. If you have any questions regarding this report, please feel free to contact us. We will be more than happy to discuss it with you.

**Kenneth Mosman**
