

Date : 09/23/2025
Project No : 2025C245
Client Company : Bearing Engineering
Arrival Time : 09/23/2025 09:00
Onsite Hours : 00:30

ASEC Report ID : 86622
Name of the Project : Dunkin Donuts 2025
Project Location : US 29, Palmetto, GA
Weather : Sunny
Departure Time : 09/23/2025 09:30
ASEC Technician Name : Sean Willett

As requested, the site was visited by our AS Engineering and Consulting (ASEC) representative for the purpose of providing quality control inspection and testing services. Visual observation techniques were employed to verify compliance with project drawing/specifications, applicable codes, and materials submittals. The following observations were observed on site this day.

Our ASEC representative was on site to pick up concrete test cylinders to be delivered to our ASEC lab for curing and compressive strength testing. Concrete cylinders were stored onsite in a cooler for initial curing.

We appreciate the opportunity to be of service to you on this project. If you have any questions regarding this report, please feel free to contact us. We will be more than happy to discuss it with you.

Kenneth Mosman
